

Codemaster S2

Transmitter management for operators and radio receivers with SOMloq2 radio system

It has never been easier to manage underground garages etc. The transmitters are conveniently organised and managed from the office, via the browser. No special software installation required; everything you need is integrated into the device itself.

Advantages

- Transmitters are managed and organised in the office or on-site where required.
- Additional handheld transmitters for managed buildings can only be obtained via the firm operating the transmitter management.
- Complete control and protection against unauthorised access, as non-approved transmitters cannot be programmed. When the Memo is created, the Codemaster S2 reserves all free memory positions.
- If it becomes necessary to replace a lightning strike, the data saved in the Codemaster S2 can simply be transferred to a new Memo. There is no need to reprogramme the handheld transmitters.
- A convenient function that allows remotely without having to replace the Memo or call out a technician. ¹⁾

Easy handling

- A new object is created via the web interface.
- The Memo of the operator or radio receiver is plugged into the Codemaster S2.
- Transmitters are added
- Data are transferred to the Memo.
- The Memo is unplugged and connected to the operator.

¹⁾ Only possible with the following transmitters: Pearl Vibe, Pearl Status, Pearl Twin*, Slider Vibe and SOMtouch.

Technology

- Integrated WiFi module
- Integrated web server
- Universal for smartphone, tablet or PC
- No saving of data on external servers
- No on-site Internet connection required! A direct WiFi connection is established between smartphone, tablet or PC and the Codemaster S2.

Compatibility

Transmitter management for operators and radio receivers with radio system SOMloq2 and a Memo slot. To find out whether your operator or radio receiver is compatible with the Codemaster S2, see www.som4.me/sv.

SOMMER Suite

With the SOMMER Suite for Windows, you can update the Codemaster S2 firmware or create backup copies of your data.

You can find the latest version of the SOMMER Suite in the download area of www.sommer.eu.
